- NOTES: 1. Levels for Yangtze River are in meters above Wu-sung zero point.
 2. Distances on the Yangtze River are in kilometers from Wu-sung; on the Han Chiang, from Hankow.
 3. Serious and danger points are based on data of past years for levels at which the crest of flood overflowed banks or broke dikes.
 4. The figures 20.47 and 18.30 are the highest points above the local mean low-water levels.
 5. The Yueh-k'ou station was formerly at Tse-k'ou.
